OBJECTIVE

Explore the possibility of matching my skills in real estate, renovation, management and education to the needs of clients in the Chapel Hill/Durham area.

WORK HISTORY

Tony Hall & Associates (2002)

I became a full-time real estate broker, focusing on the Chapel Hill/Carrboro market.

Renaissance Projects (1999-2002)

I founded my own company to find and renovate houses in the Durham-Chapel Hill area. Once underway, the demand for renovation services and the needs of home owners to prepare and repair their homes for sale took the business in that direction.

Tony Hall & Associates (1999)

I worked as a consultant and assistant for one of the agents in the office reorganizing and developing her business operating systems.

Ladyslipper Inc. (1988-1999) General Manager (1994-1999), Office Manager (1992-1994), Various positions (1988-1992)

I began working for Ladyslipper when I moved to North Carolina, while waiting for a teaching position to become available. I became intrigued with the company and its potential. Various positions and promotions followed, giving me an intricate working knowledge of non-profit management and business development.
